“ *I met Ann some years ago at the senior facility in Altamonte Springs where she was a resident. I was, and am, an entertainer there each month. At some point, after finishing my show and before packing up my equipment, I started going over to sit and talk to her and her friend Sue for awhile. She was so sweet and always had a positive attitude, and she absolutely loved attending my shows. I always sang her favorite song for her: Patsy Cline's 'Crazy'. She had the cutest little dog named Rosie who was always there with her. After she moved to a different facility, I visited her there now and then. Most times I would call her on my way to do the show in Altamonte, then call her again during the show to sing the song for her over the phone. She just loved that. It made her sad that I didn't do shows at her new place, and it made me sad, too, because she was always a bright light at the shows and I always looked forward to seeing her. Then I lost touch with her a couple of years ago. I'd call but I couldn't get through. I searched Google for her name just now, and that's how I found out that she had passed in December of 2020. I'm deeply saddened by the loss of such a wonderful lady, but I believe she's in the arms of God now. Goodbye, sweet friend. You have been and will be missed. Like you always used to say to me, I will say once more to you 'Love you love you'!*

Your friend, Ginger! 💔

“ Ann Tapp Goudy was a wonderful classmate in grades 1-12 in Ripley, Miss., schools. She was among 14 of us who went all the way through together. I was very saddened to hear of her death and my thoughts are with her family.. Her house was just up the street from the elementary school. I remember in the third or fourth grade the entire class went up there to watch an Easter program on the family's television. I think it was the first television show I ever saw. Ann was never able to attend one of our class reunions but in 2012, we called her during our gathering and each of us who was present talked with her. Jimmie Covington
