“ I want forget the time we went Christmas shopping in your Ferrari, we had so many gifts we had nowhere to put them, I had them around my feet, on top of my feet, plum to the roof I couldn't even see the road, you had them all around you as well, we had the trunk full we even put them under the hood. After digging ourselves out of the car, and started unloading the car, we laughed at ourselves hunting where we put all the presents at. The good times. You gonna be missed. Love you
