# Tribute Wall

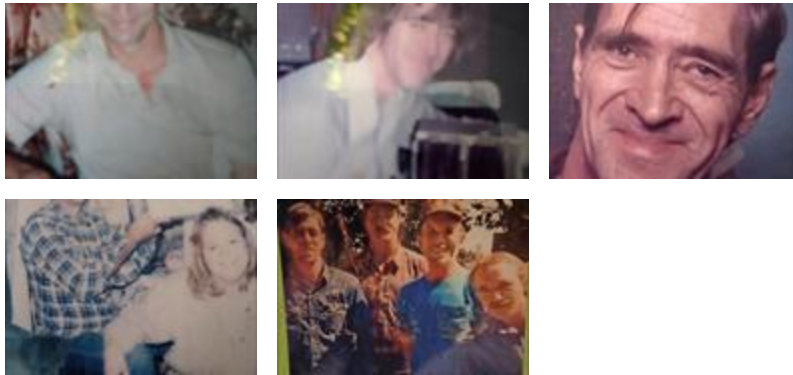

“ Tomorrow will be 2 years that you’ve been gone paw paw 😞 oh how I would give anything to hear you call my name out late at night one more time! So much has happened since you passed some good some bad but we always kept our heads up just like you said Always keep your head held high! We’re all in church now and I’m singing in church again, the other day I sang Temporary Home in church and almost broke down because when I listen to it I relate to it so the “old man hospital bed” part really hits now that you’re gone. You have several new grandbabies! Zuri still calls you Paw paw Dan Dan 😞 I love you paw and I know you’re super proud of all of us and we’re gonna continue making you proud! Always in our minds Never leaving our hearts!
