“ Met hazel when we moved back to blue mountain. I started third grade with hazel and we never forgot each other. I left blue mountain about 9th grade never to see her again, but we had recently talked several times. She gave me directions to her home and I was going to go see her. Shows don't put anything off! But sickness and both our health prevented us from visiting. I know she went straight to heaven and I will see her when my time is up, RIP my dear friend.
