“ *It was always a pleasure to see JD come in Shooter's Trading Post. He always had a smile and a story to share. From one vet to another, I salute his service to our country. I'm sure going to miss that old sailor.*

“*Dear Kathy and Family,  
I was shocked to read of JD's passing. I had lost track of him over the last several years. I always enjoyed working with him and counted him among my friends. He will surely be remembered for his laugh, his humor, and his countless stories. I always chuckled when he told someone "my name is Hope, like Bob, but no relation". He will be greatly missed by all who knew him.*

*I know that he loved the Lord, as we had frequent discussions about our salvation experiences.*

*Unfortunately, my work schedule will not allow me to visit with you and attend his services, but know that I will be praying for all of you in the weeks ahead as you go through this very difficult time.*

*Take comfort that JD is celebrating his new life in Christ.*

*With warm regards,*
