“ *I had the pleasure of getting to know Ms. Jeannie a few years ago. We were neighbors for a short time. I just loved her! She never bothered anyone & she loved her family! I remember her writing letters to her sister & she really got into the decorations at Christmas time. I know she'll be greatly missed! Please accept my sincerest condolences for Mrs. Jeannie's family. .
With deepest sympathy,

“ I've known Mrs Jeanie for several years and I'm gonna miss her greatly.... They will never be another Mrs Jeanie, she always had a positive outlook and quick to encourage any body that she thought might need it!! She was a very religious lady she loved her Jesus and wasn't scared to show it and tell it to anybody that would listen!! I was with her through this entire tragedy and tried to help her any and every way possible with what we had!! She was just fine her regular ol jolly self one day & then she was sick for 3 days progressily getting worse & worse rapidly , we tried to keep her as comfortable and taken care of as best as we possibly could all while begging for them to get her medical attention & on the 3rd day I finally convinced them to get her help fast & then shortly after we all were notified that Mrs Jeanie didn't make it....it really hit me hard & really shook me up !! But I'll never forget my last words to hertelling her how much I loved her while I was wheeling her out to get medical attention!! My heart goes out to all her family & love ones especially under these circumstances, I've been able to deal with it only because I know without a doubt shes up there with her Jesus with NOmore sorrow and no more pain!!! Rest in peace sweet lady We will see you on the other side!!! 🕊️💜🌸
