“ *Shane was a neighbor and friend to us his whole life. He did not have an easy life. However his Grandparents tried everything possible to take care of him and they loved him dearly. He visited our home often. His tragic death will leave many people heartbroken. He loved Nicole, and adored his children. He was a fun guy and we will miss him. We pray for peace and healing for his family and encourage those who cared for Shane to honor his wishes and to be there for Nichole with the children, to assist his Grandmother, Mrs. Moore during her grief. Only then will Shane rest in peace.*

“ *I would like to express my deepest condolences to Shane and his family during this time of sorrow. I have known Shane most of his life do to my children going to school with him. He will be missed terribly not only by his friends and family but more so by his little girls who will never know him. I pray at this time for God to just lay his hand on all of you and know that you will get through this with Gods help. Time will come and make easier to think about him and be able to speak about him without tears but until then know that it is fine to cry cause you loved him so much. You all will be in my prayers for strength to deal with this. And for the girls to be able to hear stories of how much their dad really loved them and wanted the best for them. He will always be their guardian angel*
