“ *Junious you were my first school bus driver when I started to school. I have looked up to you since those days. We will miss you but you are in a better place now so rest in peace my friend.*

“ *Nancy and family, we are thinking of you and remembering you in our prayers. Uncle Junious was always special to me...gave me my first medical lesson in treating a bee sting (with tobacco!!). I still think about him when I get a sting and that alone makes me feel better.*

All our best. Love, Greg & Tena & family

“ Nancy, we wanted to let you know we are thinking of you and your family. I really enjoyed caring for your Mom and Dad while they were patients with Heritage Hospice. Uncle Junious had several stories to share with me about Mammaw and I will forever treasure that. Our thoughts and prayers are with you.
