“ Allen and I were born one day apart at Tippah County hospital in Ripley MS. Our mothers shared a hospital room and thus began a family friendship that has held strong for almost 60 years. From that point forward, we were the twins. I have many happy memories of going to Mississippi as a child for family vacations where Allen and I (and my brother) would have great times and adventures; and a whole lot of fun. My last visit during that time was when I was 18 after my freshman year of college.

I would not return to Mississippi for almost 40 years when, in 2024, Allen's father passed away. It was a sad occasion and my parents and I went for a few days to share love and support for Allen and his mom. 40 years felt like nothing. Last October I went back to Mississippi for a week on vacation, just like the old days. This time my wife came with us. She got to meet my friend and visit some of the places we had so much fun as kids. We got to meet Kerri and their wonderful family. We went fishing on the lake on their property like we did when we were kids. 40 years removed and still having fun and remembering good times. I looked forward to the next time we could get together.

And now he is gone and the world is a dimmer place. Truly my oldest friend has left us. My prayers to Martha Ann, Kerri, his children and grandchildren. Love you brother.

I have known Allen since the day he was born. My son was born the day before. At that time my husband was in Vietnam and the Murphy family adopted us and as a result, we became each other's adopted family. We have loved Allen as being part of our family. He was someone to be very proud of and he was very special to us. Allen, you live in our memories and we feel blessed to have been part of your life.
