Louie and Roger. We are heartbroken to hear of your mother's passing. We're so happy we got to reconnect with her this past couple of years. She was a deaf friend. She loved her boys, their spouses, and those precious grandchildren. She was our friend for life. When we last talked, I felt like she was having some declining issues. She's in Heaven and walking the streets of gold. Linda was a hard working lady, who always made sure her boys had what they needed. We loved her. We love you who are left. Please stay in touch and keep sharing those grands as they grow. Much love and prayers. Coach Jones and Nelda.

Linda is my first cousin born one month after me. Her family lived close enough we walked to each other's house for visits. My dad (Leo Brown) and Bill Brown bought the house they lived in after her father died. he and I started and finished school together. I left MS when I was 20 so we seldom saw each other after then but I kept up with her through my sister Martha Goolsby who lived in Ripley. I have so many fond memories of growing up with Linda. My condolences to her sons and their families and to her surviving brother Richard.

Linda McAfee Hutchins was my best friend during our high school years. She was the sister that I never had. As life when on, she made a life in MS and I made one in TX. But I can't count the times she has crossed my mind, the memories that would pop up out of nowhere about some of the crazy things we did. When the thoughts of her crossed my mind, I always said a silent prayer that she was safe, healthy and most of all, happy. I hope I see you again my friend. You were always in my heart and I've always loved you. Jo Carolyn Davidson Reed
