“ *On behalf of the Swalm School of Chemical Engineering, I want to express our deep sadness and condolences for your loss. Logan was an exemplary student and an individual who was immediately at ease with everyone he met. I was privileged to have him in my freshman chemical engineering class all last year. He sat down front, was wonderfully interactive and a joy to us as Instructors and to his fellow students. We know no words can express the loss appropriately but please know that our thoughts and prayers are with you and that Logan made a significant impact during his time with us.*
