I am so deeply sorry for your loss. Marilyn was my best friend in our teen years, and we shared wonderful times, travels, and a love of creating clothing. After reconnecting in 2024, I was reminded of her sunshine smile, wit, and charismatic presence that lit up every room. She will always hold a special place in my heart, and I will never forget her. Wishing you comfort and peace as you grieve this beautiful soul. R.I.P. my sweet lovely friend.

I am so saddened to hear of Marilyn's passing and I send my sincere condolences to the family. I barely knew Marilyn as I was from the Cleveland Ohio area. However, I played in different bands during the 1960's and 70's, in which we played in Erie PA a number of times. At one of the music events, I saw her for the first time. She came up after the event was over and talked to me. I knew she was special as she seemed to be this beautiful, free spirit. She then told me her name and I said 'I hope to see you again'. Fast forward a number of months later and she was at another event we were playing in Erie. Although I never saw her again after that, she would come to mind from time to time. Here we are over five and a half decades later, and she still comes to mind. I just so happened to look up her name and found this beautiful obituary. I'd bet you made anybody who came across your path in life thought you were a beautiful soul. R.I.P. You still have a special place in my heart and my memory of you is still alive and well.
