“ I didn't know him for very long but he taught me a lot of different things at the FL Crane Pallet company. Can't say we were always the smartest crayons working there but hey we did the job and got it done. Thanks for being a friend hope to see you on the other side man! If there's a lumber yard there tell them they can send it below with satan cause we coming through and I will meet you stacking pallets. Till then rest well and take care!
