“ A candle seems so fitting for the man I remember making some of the most beautiful and unique candles not only were you talented but your joyful and cheerfulness always brought such happiness to anyone around you I remember always wanting to come visit the whole month of December because I absolutely loved your Christmas decorations one of my favorite things was you making homemade ornaments and last year you shared your recipe with me so I could make some myself I will forever cherish that and all the memories I have of you my dear friend the only one I trusted to take my sweet doggy when I could no longer give him a home and every time I seen you and him I knew I had made the right choice he loved you and you loved him you will forever be missed
