“ *I met Shirley in Dallas, Texas while working with the Southern Pacific Railroad, then we both went to Denver, Co. where we worked for the Denver Rio Grande Railroad and I never saw her after I moved to Omaha, Neb. She was a very nice person, super funny and a very dependable. I am so sorry to the family, and my condolences as well! I know you will miss her dearly, she was a great person to be around. Rest in Heavenly peace, Shirley. Dee Rosenthal*

*Thank you Dee for your kind words. We made trips often from where we lived in Memphis, TN to visit our grandparents, Bud and Shirley in Dallas, TX and then spent the summers in Colorado when they moved there as she worked for the railroad. I think she went to Kansas City after that. My grandmother always shared stories of her days working for the railroad. That was something she was very proud of and really enjoyed. She used to take us to the rail yard when we were kids and introduce us to everyone she worked with. We even got to take a ride on the train one day and push the lever to make the train move. I loved it so much that I now work in the same transportation industry, all because of her influence. She definitely had a way of lighting up the room and never met a stranger. We learned so much from her and will cherish those memories dearly and all the fun we had, our talks, and laughs. She is in heaven with God now and with her sons and husbands who passed before that she mourned and missed so much during her time here on earth. She will truly be missed!*
