“ *We were so sorry to hear of the death of W. E. I think often of my grandmother, Viola Shackelford, talking about his mother and what good friends they were. She said Mrs. Verner would come to the top of her hill and holler at her or she would do the same and they would get together. As we grow older so many old friends and family members have gone on that it seems there will soon be more on the other side than there are here! We were sorry that we were unable to attend services due to not knowing in time. I just learned that it was possible to send condolences on line. Our prayers will be with your family.*
