“ I was so saddened to hear of our dear classmate's passing. He held a special place in all our hearts... way too young, way too soon. He will be missed. Our thoughts and prayers are with you, his family.

Malcolm and Jane Kuykendall - August 22, 2009 at 12:00 AM

“ I treasure the memories I have of Sonny and thank God for the opportunity of having had him as a friend and neighbor. He appreciated beautiful things and surrounded himself with them while continuing his search for other special items from vintage cars to antique furniture and accessories. Sonny, a quiet private person, enjoyed solitude and observing the wonders of nature. He stayed involved with his family, friends, and the outside world through technology often saying he only needed three things to be happy - "a cell phone, the internet, and air conditioning." Sonny left his private space to attend all Ole Miss sporting events - there was never a greater Rebel supporter. He loved all living creatures especially his constant companion, Smokey. This love was returned by not only Smokey but also by my dogs who spent many happy hours visiting in his home sleeping in his lap. He will be greatly missed by me, my family, his friends, and all who knew him. Sonny quietly left this world a better place for his presence. May he sleep well.
